Book reviews are indicated by *(B. Rev.)*.

A

Abdominal and general surgery, section on, of American Medical Association, report of 1946 meeting of (Linton), 579
incision, transverse, fundamentals of technique in (Gurd), 217
Abscess, pulmonary, management of (Woods and McGrath), 187
Achalasia or cardiospasm, esophageal, treatment of (Schiebel), 558
treatment of patients with, by esophagogastrostomy (Grimson et al.), 94
Actinomycosis (Kolouch and Peltier), 401
Acute secondary parotitis (Altemeier), 191
Adamantinoma of maxillary sinus (Heatly), 636
Air blast effect in cave (Shelley and Horvath), 493
Alterations, chemical, occurring in surgical patient, and interpretations (Abbott), 770
metabolic, following thermal burns (VI) (Abbott et al.), 284
of blood following intrathoracic operations (Thomas et al.), 38
American Medical Association, report of 1946 meeting of section on surgery, general and abdominal (Linton), 579
Surgical Association, meeting of (Bisgard), 431
Ampullary and pancreatic cancers, improved type of radical pancreaticoduodenectomy for, in neoplastic biliary obstruction (Dennis and Varco), 72
Amputation prosthesis, 312 (*B. Rev.*)
stumps, dermatologic aspects of (Herold), 804
Anastomosis, end-to-end, for congenital esophageal atresia with tracheoesophageal fistula (White, Jr., and Birdsong), 548
Anatomical hazards of lingulectomy (Boyden), 828
Anesthesia, rational use of curare as adjunct to (Cullen), 200
Aneurysms, arterial, and arteriovenous fistulas in military personnel (Shumacker, Jr., and Carter), 9
costoclavicular compression of subclavian artery simulating (Shumacker, Jr.), 478
traumatic (Albright and Van Hale), 452
Ankle injuries, acute, without fracture, novocain infiltration in treatment of (McLaughlin, Jr.), 280
Aorta, coaretation of, technical considerations in surgical therapy for (Gross), 1
Appendical peritonitis, experimental (I) (Kay and Lockwood), 56
Arachnoiditis, lumbar spinal, clinical manifestations of (French), 718
Army Hospitals, United States, analysis of experience with streptomycin therapy in (DeBakey and Pulaski), 749
Arterial aneurysms and arteriovenous fistulas in military personnel (Shumacker, Jr., and Carter), 9
costoclavicular compression of subclavian artery simulating (Shumacker, Jr.), 478
injuries of warfare (Preston), 786
Arteriovenous fistulas and arterial aneurysms in military personnel (Shumacker, Jr., and Carter), 9
Artery, subclavian, costoclavicular compression of, simulating arterial aneurysm (Shumacker, Jr.), 478
Arthrodesis, of subtalus and midtarsal joints of foot (Schwartz), 619
Atresia, congential esophageal, with tracheoesophageal fistula (White, Jr., and Birdsong), 548
surgical treatment of (Lam), 174
Atropine, effect of, on gastric secretion following thermal trauma (Necheles et al.), 382
Autonomic ganglia, new method for producing blockade of; use of tetraethylammonium in peripheral vascular disease and causalgic states (Berry et al.), 525

B

Battle casualties from Philippine Islands (Conway and Coldwater), 482
wounds of thoracic cavity, certain aspects of (Johnson), 26
Bilateral popliteal hernia (Sachs and Rubinstein), 385
Biliary obstruction, neoplastic (Dennis and Varco), 72
Blast, air, effect in cave (Shelley and Horvath), 493
Block, differential spinal (Sarnoff and Arrowood), 150

*July, pp. 1-162; August, pp. 163-314; September, pp. 315-444; October, pp. 445-582; November, pp. 583-748; December, pp. 749-876.

Blockade of autonomic ganglia, new method for producing; use of tetraethylammonium in peripheral vascular disease and causalgic states (Berry et al.), 525
Blood, alterations of, following intrathoracic operations (Thomas et al.), 38
loss in operations; statistical comparison of losses as determined by gravimetric and colorimetric methods (Baronofsky et al.), 761
Bone, cancellous, role of, in plastic surgery (Gordon), 202
carpal navicular, treatment of nonunion of (Sutro), 536
grafting in treatment of fractures, 444 (*B. Rev.*)
plating, new method of (Wenger), 541
Book reviews, 162, 312, 442-444, 864
Books received, 312-314
Breast, problem of cancer of (Stabins), 684
Burns, thermal, metabolic alterations following (VI) (Abbott et al.), 284

C

Caloric and nitrogen intake, effect of altering, or of administering testosterone propionate on nitrogen balance (VI); metabolic alterations following thermal burns (Abbott et al.), 284
Cancellous bone, role of, in plastic surgery (Gordon), 202
Cancer, ampullary and pancreatic, improved type of radical pancreaticoduodenectomy for, in neoplastic biliary obstruction (Dennis and Varco), 72
of breast, problem of (Stabins), 684
Carcinoma, intraoral, multicentric origin of (Slaughter), 133
multiple invasive, of large intestine (Mider), 744
of prostate, radical perineal prostatectomy for (Ormond), 257
prostatic (Nesbit and Plumb), 263
resection of duodenum and head of pancreas for (Waugh and Clagett), 224
Cardiospasm or achalasia, esophageal, treatment of (Schiebel), 558
treatment of, by esophagogastrostomy (Bell), 104
Carpal navicular bone, treatment of nonunion of (Sutro), 536
Casualties, battle, from Philippine Islands (Conway and Coldwater), 482
Causalgia, use of, for chemical production of prolonged sympathetic paralysis (Rasmussen and Alessi), 360
Causalgic states and peripheral vascular disease, use of tetraethylammonium in (Berry et al.), 525
Cave, air blast effect in (Shelley and Horvath), 493
Central Surgical Association, 163-311
meeting of (Ransom), 295
Chemical alterations occurring in surgical patient and interpretations (Abbott), 770
production of prolonged sympathetic paralysis, method for (Rasmussen and Alessi), 360
Childhood, infancy, and adolescence, diseases of nervous system in, 442 (*B. Rev.*)
Cholecystenterostomy and choledochoenterostomy, simultaneous (Morton et al.), 820
Cholecystoduodenocolic membranes (Mahoney), 704
Choledochoenterostomy and cholecystenterostomy, simultaneous (Morton et al.), 820
Circulation, collateral, in arteriovenous fistulas and arterial aneurysms in military personnel (Shumacker, Jr., and Carter), 9
sudden failure of, treatment of extremities following (Murray et al.), 315
Clinical manifestations of local shock and treatment (Thomson), 498
Closure, colostomy, Pauchet technique of (Sanders and Halperin), 82
of colostomy stoma (Gregg and Mosely), 388
primary, excision with, for pilonidal cyst and sinus (Ziegler et al.), 690
Coarctation of aorta, technical considerations in surgical therapy for (Gross), 1
Collateral circulation in arteriovenous fistulas and arterial aneurysms in military personnel (Shumacker, Jr., and Carter), 9
Colon and rectum, reconstruction of war wounds of (Hamilton and Cattanach), 237
dissecting diverticulitis of (Cohen and Matthews), 823
Colorimetric and gravimetric methods, statistical comparison of losses as determined by; blood loss in operations (Baronofsky et al.), 761
Colostomy closure, Pauchet technique of (Sanders and Halperin), 82
stoma, closure of (Gregg and Mosely), 388
transverse (Fallis), 249
Compression, costoclavicular, of subclavian artery simulating arterial aneurysm (Shumacker, Jr.), 478
Congenital esophageal atresia with tracheoesophageal fistula (White, Jr., and Birdsong), 548
surgical treatment of (Lam), 174
Construction of pseudoareola (Berson), 838
Cortical excisions for relief of intractable pain in extremities (Horrax), 593

Costoclavicular compression of subclavian artery simulating arterial aneurysm (Shumacker, Jr.), 478
Cranioplasty, method of, using ready-made tantalum cranioprosthesis (MacKay and Russell), 830
Cranioprosthesis, ready-made tantalum, method of cranioplasty using (MacKay and Russell), 830
Curare—rational use as adjunct to anesthesia (Cullen), 200
Cyst, pilonidal, and sinus (Ziegler et al.), 690

D

Decortication, late, method of facilitating re-expansion of lung following, in certain aspects of battle wounds of thoracic cavity (Johnson), 26
Deformities, nasal, and repair (Pickrell), 845
Depression, mental, and tension, changes in states of, following surgical section of certain frontal lobe pathways (Van Wagenen), 656
Dermatologic aspects of amputation stumps (Herold), 804
Differential spinal block (Sarnoff and Arrowood), 150
Disc, intervertebral, 443 (*B. Rev.*)
Disease, classic descriptions of, 312 (*B. Rev.*)
of nervous system in infancy, childhood and adolescence, 442 (*B. Rev.*)
peripheral vascular, and causalgic states, use of tetraethylammonium in (Berry et al.), 525
Dissecting diverticulitis of colon (Cohen and Matthews), 823
Diverticulitis, dissecting, of colon (Cohen and Matthews), 823
Dolichocolon (megacolon, mechanisms and choice of treatment) (Scott and Serenati), 603
Duodenal ulcer, perforation of, during roentgen examination (Schilling), 730
Duodenum and head of pancreas, resection of, for carcinoma (Waugh and Clagett), 224
Dysgerminoma of ovary (Custer), 520

E

Embolism, postoperative pulmonary (Smyth and Gillespie), 180
Endocrine era, follow-up on 795 patients treated prior to; prostatic carcinoma (Nesbit and Plumb), 263
therapy, patients treated by; prostatic carcinoma (Nesbit and Plumb), 263
Enteritis, ulcerative, experiments in (Sinaiko and Necheles), 395
Esophageal achalasia or cardiospasm, treatment of (Schiebel), 558
Esophageal—Cont'd
atresia, congenital, with tracheoesophageal fistula (White, Jr., and Birdsong), 548
Esophagogastrostomy, treatment of cardiospasm by (Bell), 104
of patients with achalasia (Grimson et al.), 94
Esophagus, congenital atresia of, with tracheoesophageal fistula, surgical treatment of (Lam), 174
Excisions, cortical, for relief of intractable pain in extremities (Horrax), 593
with primary closure for pilonidal cyst and sinus (Ziegler et al.), 690
Exclusion operation, value of, in treatment of intestinal fistulas (Probstein), 233
Extremities, intractable pain in, cortical excisions for relief of (Horrax), 593
treatment of, following sudden failure of circulation (Murray et al.), 315

F

Facial fractures, multiple, method in management of (Campbell), 204
Failure of circulation, sudden, treatment of extremities following (Murray et al.), 315
Fingernail, removal of, split-thickness skin graft as covering following (Hanrahan), 398
Fingers, transplantation of toes for (Young), 117
Fistulas, arteriovenous, and arterial aneurysms in military personnel (Shumacker, Jr., and Carter), 9
intestinal, value of exclusion operation in treatment of (Probstein), 233
tracheoesophageal, congenital esophageal atresia with (White, Jr., and Birdsong), 548
surgical treatment of congenital atresia of esophagus with (Lam), 174
urethrodiverticulovaginal, operative procedure for repair of (Scott and Ekas), 645
Foam or gelatin sponge, clinical and experimental observations of use of (Jenkins et al.), 124
Foot, arthrodesis of subtalus and midtarsal joints of (Schwartz), 619
Fracture, acute ankle injuries without, novocain infiltration in treatment of (McLaughlin, Jr.), 280
bone grafting in treatment of, 444 (*B. Rev.*)
gangrene following, treated with heparin, papaverine, and intermittent venous occlusion (McLean and Johnson), 324
multiple facial, method in management of (Campbell), 204
of jaws, 162 (*B. Rev.*)

Frontal lobe pathways, certain, changes in states of mental depression and tension following surgical section of (Van Wagenen), 656

G

Ganglia, autonomic, new method for producing blockade of; use of tetraethylammonium in peripheral vascular disease and causalgic states (Berry et al.), 525
Ganglioneuroma, large retroperitoneal lumbar, surgical removal of (Reynolds and Cantor), 571
Gangrene following fracture treated with heparin, papaverine, and intermittent venous occlusion (McLean and Johnson), 324
Gastric secretion following thermal trauma, effect of atropine on (Necheles et al.), 382
Gelatin sponge or foam, clinical and experimental observations on use of (Jenkins et al.), 124
Gluteal region, malignant granular cell myoblastoma of (Ackerman and Phelps), 511
Goats, effect of air blast on, in cave (Shelley and Horvath), 493
Graduate training program in surgery, development of (Harvey), 584
Grafting, bone, in treatment of fractures 444 (*B. Rev.*)
Grafts, split-thickness skin, as covering following removal of fingernail (Hanrahan), 398
  tenon and mortise, for bridging metacarpal defects due to gunshot wounds (Morris), 364
Granular cell myoblastoma, malignant, of gluteal region (Ackerman and Phelps), 511
Gravimetric and colorimetric methods, statistical comparison of losses as determined by; blood loss in operations (Baronofsky et al.), 761
Gunshot wounds, tenon and mortise grafts for bridging metacarpal defects due to (Morris), 364

H

Hazards, anatomical, of lingulectomy (Boyden), 828
Heart, two unusual cases of war wounds of (Samson), 373
Hematologic factors, prognostic significance of, especially prothrombin time (I); experimental appendical peritonitis (Kay and Lockwood), 56
Hemothorax, massive organizing (Jonas), 168
Heparin, papaverine, and intermittent venous occlusion, gangrene following fracture treated with (McLean and Johnson), 324
Hernia, bilateral popliteal (Sachs and Rubinstein), 385
Hospital, overseas general, study of traumatic aneurysms seen in (Albright and Van Hale), 452
Hydronephrosis (IV) (Hinman), 337

I

Incision, transverse abdominal, fundamentals of technique in (Gurd), 217
Infections; analysis of experience with streptomycin therapy in United States Army Hospitals (DeBakey and Pulaski), 749
Infiltration, novocain, in treatment of acute ankle injuries without fracture (McLaughlin, Jr.), 280
Injuries, acute ankle, without fracture, novocain infiltration in treatment of (McLaughlin, Jr.), 280
  arterial, of warfare (Preston), 786
  study of, in overseas general hospital; traumatic aneurysms seen in (Albright and Van Hale), 452
Intervertebral disc, 443 (*B. Rev.*)
Intestinal fistulas, value of exclusion operation in treatment of (Probstein), 233
Intestine, large, multiple invasive carcinomas of (Mider), 744
Intraoral carcinoma, multicentric origin of (Slaughter), 133
Intrathoracic operations, alterations of blood following (Thomas et al.), 38

J

Jaws, fractures of, 162 (*B. Rev.*)
Joints, subtalus and midtarsal, of foot, arthrodesis of (Schwartz), 619

L

Large intestine, multiple invasive carcinomas of (Mider), 744
Lingulectomy, anatomical hazards of (Boyden), 828
Lobe, frontal, pathways, changes in states of mental depression and tension following surgical section of (Van Wagenen), 656
Local shock and treatment, clinical manifestations of (Thomson), 498
Losses, nasal, repair of (Young), 670
  statistical comparison of, as determined by gravimetric and colorimetric methods; blood loss in operations (Baronofsky et al.), 761
Lumbar ganglioneuroma, large retroperitoneal, surgical removal of (Reynolds and Cantor), 571
  spinal arachnoiditis, clinical manifestations of (French), 718

Lung, re-expansion of, following late decortication, method of facilitating, in certain aspects of battle wounds of thoracic cavity (Johnson), 26
Lymphatic obstruction, mesenteric, failure to produce ulcerative enteritis by (Sinaiko and Necheles), 395

M

Management of multiple facial fractures, method in (Campbell), 204
of pulmonary abscess (Woods and McGrath), 187
Maxillary sinus, adamantinoma of (Heatly), 636
Median neuritis; tardy median palsy; median thenar neuritis amenable to surgery (Cannon and Love), 210
Meetings, review of recent, 160, 295, 431, 579
Megacolon, mechanisms and choice of treatment (Scott and Serenati), 603
Membranes, cholecystoduodenocolic (Mahoney), 704
Mental depression and tension, changes in states of, following surgical section of certain frontal lobe pathways (Van Wagenen), 656
Mesenteric lymphatic obstruction, failure to produce ulcerative enteritis by (Sinaiko and Necheles), 395
Metabolic alterations following thermal burns (VI) (Abbott et al.), 284
Metacarpal defects due to gunshot wounds, tenon and mortise grafts for bridging (Morris), 364
Midtarsal and subtalus joints of foot, arthrodesis of (Schwartz), 619
Military personnel, arteriovenous fistulas and arterial aneurysms in (Shumacker, Jr., and Carter), 9
Mortise and tenon grafts for bridging metacarpal defects due to gunshot wounds (Morris), 364
Morton, John J., birthday number, 583-748
Multicentric origin of intraoral carcinoma (Slaughter), 133
Multiple facial fractures, method in management of (Campbell), 204
invasive carcinomas of large intestine (Mider), 744
Myoblastoma, malignant granular cell, of gluteal region (Ackerman and Phelps), 511

N

Nasal deformities and repair (Pickrell), 845
losses, repair of (Young), 670
Navicular bone, carpal, treatment of nonunion of (Sutro), 536
Neoplasms, malignant testicular (Nesbit and Lynn), 273
Neoplastic biliary obstruction (Dennis and Varco), 72
Nervous system, diseases of, in infancy, childhood and adolescence, 442 (*B. Rev.*)
Neuritis, median; tardy median palsy; median thenar neuritis amenable to surgery (Cannon and Love), 210
Nitrogen and caloric intake, effect of altering, or of administering testosterone propionate on nitrogen balance (VI); metabolic alterations following thermal burns (Abbott et al.), 284
Nonunion of carpal navicular bone, treatment of (Sutro), 536
Novocain infiltration in treatment of acute ankle injuries without fracture (McLaughlin, Jr.), 280

O

Obstruction, mesenteric lymphatic, failure to produce ulcerative enteritis by (Sinaiko and Necheles), 395
neoplastic biliary (Dennis and Varco), 72
Occlusion, intermittent venous, heparin and papaverine, gangrene following fracture treated with (McLean and Johnson), 324
Omentum, primary torsion of (Altemeier and Holzer), 810
Operations, blood loss in: statistical comparison of losses as determined by gravimetric and colorimetric methods (Baronofsky et al.), 761
exclusion, value of, in treatment of intestinal fistulas (Probstein), 233
intrathoracic, alterations of blood following (Thomas et al.), 38
Operative procedure for repair of urethrodiverticulovaginal fistula (Scott and Ekas), 645
preoperative determinations, and historical review of arthrodesis of subtalus and midtarsal joints of foot (Schwartz), 619
treatment, technique, indications and pitfalls, in massive organizing hemothorax (Jonas), 168
Organizing hemothorax, massive (Jonas), 168
Ovary, dysgerminoma of (Custer), 520
Overseas general hospital, study of traumatic aneurysms seen in (Albright and Van Hale), 452

P

Pain, intractable, in extremities, cortical excisions for relief of (Horrax), 593
Palsy, tardy median; median neuritis; median thenar neuritis amenable to surgery (Cannon and Love), 210
Pancreas, head of, and duodenum, resection of for carcinoma (Waugh and Clagett), 224

Pancreatic and ampullary cancers, improved type of radical pancreaticoduodenectomy for, in neoplastic biliary obstruction (Dennis and Varco), 72
Pancreaticoduodenectomy, radical, for ampullary and pancreatic cancers, improved type of, in neoplastic biliary obstruction (Dennis and Varco), 72
standardization of reconstruction after (Pearse), 663
Papaverine, heparin, and intermittent venous occlusion, gangrene following fracture treated with (McLean and Johnson), 324
Paralysis, prolonged sympathetic, method for chemical production of (Rasmussen and Alessi), 360
Parotitis, acute secondary (Altemeier), 191
Patient, surgical, chemical alterations occurring in, and interpretations (Abbott), 770
Pauchet technique of colostomy closure (Sanders and Halperin), 82
Penicillin-phthalylsulfathiazole antagonism (Poth et al.), 147
Perforation of duodenal ulcer during roentgen examination (Schilling), 730
Perineal prostatectomy, radical, for carcinoma of prostate (Ormond), 257
Peripheral vascular disease and causalgic states, use of tetraethylammonium in (Berry et al.), 525
Peritonitis, experimental appendical (I) (Kay and Lockwood), 56
use of streptomycin in (Murphy et al.), 445
Philippine Islands, battle casualties from (Conway and Coldwater), 482
Phthalylsulfathiazole-penicillin antagonism (Poth et al.), 147
Pilonidal cyst and sinus (Ziegler et al.), 690
Plaster of Paris technique, 162 (*B. Rev.*)
Plastic and general surgery, with emphasis on war injuries, 162 (*B. Rev.*)
surgery, role of cancellous bone in (Gordon), 202
Plating, bone, new method of (Wenger), 541
Pneumoperitoneum treatment, 864 (*B. Rev.*)
Popliteal hernia, bilateral (Sachs and Rubinstein), 385
Postoperative pulmonary embolism (Smyth and Gillespie), 180
Prefatory note to John J. Morton birthday volume (Whipple), 583
Preoperative determinations, operative procedures, and historical review of arthrodesis of subtalus and midtarsal joints of foot (Schwartz), 619
President's address. The surgeon—an individualist (Graham), 163
Primary closure, excision with, for pilonidal cyst and sinus (Ziegler et al.), 690
Prostate, carcinoma of, radical perineal prostatectomy for (Ormond), 257
Prostatic carcinoma (Nesbit and Plumb), 263
Prosthesis, amputation, 312 (*B. Rev.*)
Prothrombin time, prognostic significance of certain hematologic factors (I); experimental appendical peritonitis (Kay and Lockwood), 56
Pseudoareola, construction of (Berson), 808
Pulmonary abscess, management of (Woods and McGrath), 187
embolism, postoperative (Smyth and Gillespie), 180

R

Radical perineal prostatectomy for carcinoma of prostate (Ormond), 257
Ready-made tantalum cranioprosthesis, method of cranioplasty using (MacKay and Russell), 830
Reconstruction after pancreaticoduodenectomy, standardization of (Pearse), 663
of war wounds of colon and rectum (Hamilton and Cattanach), 237
Rectum and colon, reconstruction of war wounds of (Hamilton and Cattanach), 237
Re-expansion of lung following late decortication, method of facilitating, in certain aspects of battle wounds of thoracic cavity (Johnson), 26
Removal, surgical, of large retroperitoneal lumbar ganglioneuroma (Reynolds and Cantor), 571
Repair of nasal deformities (Pickrell), 845
losses (Young), 670
urethrodiverticulovaginal fistula, operative procedure for (Scott and Ekas), 645
Resection of duodenum and head of pancreas for carcinoma (Waugh and Clagett), 224
Retroperitoneal lumbar ganglioneuroma, large, removal of (Reynolds and Cantor), 571
Review of recent meetinges, 160, 295, 431, 579
Roentgen examination, perforation of duodenal ulcer during (Schilling), 730

S

Secretion, gastric, following thermal trauma, effect of atropine on (Necheles et al.), 382

Section, surgical, of certain frontal lobe pathways, changes in states of mental depression and tension following (Van Wagenen), 656
Shock, local, and treatment, clinical manifestations of (Thomson), 498
Sinus and pilonidal cyst (Ziegler et al.), 690
maxillary, adamantinoma of (Heatly), 636
Skin graft, split-thickness, as covering following removal of fingernail (Hanrahan), 398
Spinal arachnoiditis, lumbar, clinical manifestations of (French), 718
block, differential (Sarnoff and Arrowood), 150
Split-thickness skin graft as covering following removal of fingernail (Hanrahan), 398
Sponge, gelatin, or foam, clinical and experimental observations on use of (Jenkins et al.), 124
Standardization of reconstruction after pancreaticoduodenectomy (Pearse), 663
Statistical comparison of losses as determined by gravimetric and colorimetric methods; blood loss in operations (Baronofsky et al.), 761
Stoma, colostomy, closure of (Gregg and Mosely), 388
Streptomycin therapy in United States Army Hospitals, analysis of experience with (DeBakey and Pulaski), 749
use of, in experimental peritonitis (Murphy et al.), 445
Stumps, amputation, dermatologic aspects of (Herold), 804
Subclavian artery, costoclavicular compression of, simulating arterial aneurysm (Shumacker, Jr.), 478
Subtalus and midtarsal joints of foot, arthrodesis of (Schwartz), 619
Surgeon—an individualist (president's address) (Graham), 163
Surgery, clinical traumatic, 442 (*B. Rev.*)
general and abdominal, section on, of American Medical Association, report of 1946 meeting of (Linton), 579
and plastic, with emphasis on war injuries, 162 (*B. Rev.*)
graduate training program in, development of (Harvey), 584
median thenar neuritis amenable to; tardy median palsy; median neuritis (Cannon and Love), 210
plastic, role of cancellous bone in (Gordon), 202
Surgical patient, chemical alterations occurring in, and interpretations (Abbott), 770
removal of large retroperitoneal lumbar ganglioneuroma (Reynolds and Cantor), 571
Surgical—Cont'd
therapy for coarctation of aorta, technical considerations in (Gross), 1
treatment of congenital atresia of esophagus with tracheoesophageal fistula (Lam), 174
of hydronephrosis (IV) (Hinman), 337
Surgically treated patients, with esophageal achalasia or cardiospasm (Schiebel), 558
Sympathetic paralysis, prolonged, method for chemical production of (Rasmussen and Alessi), 360

T

Tantalum cranioprosthesis, method of cranioplasty using (MacKay and Russell), 830
Tardy median palsy; median neuritis; median thenar neuritis amenable to surgery (Cannon and Love), 210
Technique, Pauchet, of colostomy closure (Sanders and Halperin), 82
Tenon and mortise grafts for bridging metacarpal defects due to gunshot wounds (Morris), 364
Tension and mental depression, changes in, following surgical section of certain frontal lobe pathways (Van Wagenen), 656
Testicular neoplasms, malignant (Nesbit and Lynn), 273
Testosterone propionate, effect of administering, or of altering nitrogen and caloric intake, on nitrogen balance (VI); metabolic alterations following thermal burns (Abbott et al.), 284
Tetraethylammonium, use of, in peripheral vascular disease and causalgic states (Berry et al.), 525
Thenar neuritis, median, amenable to surgery; tardy median palsy; median neuritis (Cannon and Love), 210
Therapy, streptomycin, in United States Army Hospitals, analysis of experience with (DeBakey and Pulaski), 749
surgical, for coarctation of aorta, technical considerations in (Gross), 1
Thermal burns, metabolic alterations following (VI) (Abbott et al.), 284
trauma, effect of atropine on gastric secretion following (Necheles et al.), 382
Thoracic cavity, certain aspects of battle wounds of (Johnson), 26
Toes, transplantation of, for fingers (Young), 117
Torsion, primary, of omentum (Altemeier and Holzer), 810
Tracheoesophageal fistula, congenital esophageal atresia with (White, Jr., and Birdsong), 548

Tracheoesophageal fistula—Cont'd
surgical treatment of congenital atresia of esophagus with (Lam), 174
Training, graduate, development of program of, in surgery (Harvey), 584
Transplantation of toes for fingers (Young), 117
Transverse abdominal incision, fundamentals of technique in (Gurd), 217
colostomy (Fallis), 249
Trauma, thermal, effect of atropine on gastric secretion following (Necheles et al.), 382
Traumatic aneurysms (Albright and Van Hale), 452
surgery, clinical, 442 (*B. Rev.*)
Treatment for local shock (Thomson), 498
pneumoperitoneum, 864 (*B. Rev.*)
surgical, of hydronephrosis (IV) (Hinman), 337

U
